About the Institute

Indian Institute of Technology Delhi is known for Center of excellence for higher education, training, research and development in science, engineering, technology and management in India. The institute emphasizes on research based educational and academic deliverables which have high industrial and societal impact.

Program Objective

On successful completion of the course, the participants will be able to:-

- i) Explore Emerging areas in Management Research and various Indian institutions/universities offering Doctoral (PhD) research programs in management
- ii) Understand the nuances of Management Research
- iii) Evolve a Research Gap
- iv) Frame a Problem Definition
- v) Understand the decision rules to use methodologies

Resource Person

Faculty members from IITs, IIMs and other leading institutions, as well as industry experts will be involved.

Pedagogy

Participants will be mentored by interactive discussions, lectures, cases and material for developing research acumen. Participants will understand decision rules for applying research methodologies in emerging context of management. All functional domains (Marketing, Finance, Production, Organization Management, HR) research issues will be discussed.

Course Fee

The course fee per participant is Rs 10000 (inclusive of registration kit, certification cost, tea and lunch).

Note: The program is non residential.
