**INDIAN INSTITUTE OF TECHNOLOGY DELHI**

Announces

## **Academic Leadership Program**

(One Week Residential Certificate Program)

10<sup>th</sup> March-15<sup>th</sup> March'2014

At:  
IIT Delhi

#### **Program Patron:**

Prof. R.K. Shevgaonkar, Director IITD

#### **Program Coordinators:**

Prof. Kanika T Bhal, DMS IITD

Dr. Mahim Sagar, DMS IITD

## BACKGROUND

Establishment of institutions of higher education in India requires focus on issues of institution building. Development of these institutions requires leadership and managerial skills along with academic excellence.

In response to this challenge of developing academic leaders, DMS, IIT Delhi has launched the program on Academic Leadership for these institutions. This program envisages capacity building for developing academic leaders, institutional visionaries, change leaders and administrators from various institutes across India. This program also aims at improving the quality of Technical and Management Education (higher education) by empowering the faculty members and administrators with an enhanced skill set.

## ABOUT THE PROGRAM

Department of Management Studies proposes a national capacity building initiative: Academic Leadership Program at IIT Delhi under the aegis of FITT. This Academic Leadership Program (ALP) will be one week residential program at IIT Delhi for those who are managing Higher Education and Research Institutes at the top most level. This academic leadership program will fulfill the long felt need of building a pool of academic initiators/leaders for institution development.

This program envisages capacity building for developing academic leaders, institutional visionaries, change leaders and administrators from various institutes across India. This program also aims at improving the quality of technical and Management Education by empowering the faculty members and administrators with an enhanced skill set.

## PROGRAM OBJECTIVES

At the conclusion of the program, the participants should be able to:

- Understand the skills and attributes of effective academic leaders for developing a culture of academic excellence.
- Provide strategic directions to the Institutes and understand challenges faced by these institutions.
- Understand institutional governance and financial management of academic institutions.
- Identify the importance of infrastructure and its effect on mission/vision accomplishment.
- Integrate information technology into institute's academic and administrative functioning.

## PROGRAM MODULES

Designed to focus on strategic interpersonal, financial and infrastructure management skills for academic leaders. The program would include the following modules.

- **STRATEGIC THINKING SKILLS:**

This module would focus on vision development, mission identification, positioning and strategic planning for academic institutions.

- **BEHAVIORAL SKILLS:**

The focus here would be on understanding the nature of interpersonal skills, leadership styles and unique cultural values.

- **INFRASTRUCTURE AND FINANCIAL MANAGEMENT:**

The module would provide an understanding of financial management and management of infrastructure and information technology.

## FACULTY

The Program will draw global faculty resource. The program will be delivered by subject matter experts, academic leaders, visionaries, thought leaders and administrators. A combination of lectures, hands on exercises and experience sharing would be used for imparting these skills.

The Faculty includes:

- Subject Matter Experts
- Eminent Academic Leaders
- Directors and Vice Chancellors of Academic Institutions

## PROGRAM INTAKE

To maintain the standards and quality of the program and to maintain an interactive environment, we have restricted the total intake to 40 participants.

## FOR WHOM

The Program is specifically designed for:

- Academic Leaders
- Institutional Visionaries
- Administrators
